ALL BIDDERS PLEASE READ

Terms Governing This Sale

Bidders unknown to us will please furnish bank or other references or deposit 25 per cent with their bids, and it is agreed that remittance will be made upon receipt of invoice if references are not furnished.

Any coin which is not satisfactory may be returned within five days from date of receipt for full refund. **You must be satisfied. PAYMENT TO BE MADE UPON RECEIPT OF MERCHANDISE.** Coins remain our property until paid for. There will be no charge for executing your bids but the purchasers will be required to pay the postage and insurance on their purchases. If you do not wish coins sent airmail please note this on your bid sheet.

We shall welcome your bids and will try to purchase the coins as much below your bids as possible. **PLEASE BID BY THE LOT.** Unlimited bids are executed at an advance of 5 per cent over the next highest bid. Numbers in () are the quantity of that item.

If you are interested in any particular coin, we shall be glad to have you write us for full information. **LOTS CANNOT BE BROKEN.** Be sure you bid on the correct lot as we cannot be responsible for errors in bidding.

NOTICE TO NEW BIDDERS

Our Mail Sales Are Conducted As Follows:

1. Bids are entered in the order received; if identical bids are received, the first bidder is awarded the lot. **SEND BIDS AIRMAIL—IT PAYS.**

2. The highest bidder on the date of the sale is awarded the coin at a slight advance over the second highest bidder. **Bids you send in are the maximum you are willing to pay for the coin. WE, AS YOUR AGENT, TRY TO BUY THE COIN AS LOW AS THE NEXT HIGHEST BID WILL ALLOW.**

3. Variations placed in the auction catalog are catalog prices, prices generally asked by dealers when the coin is in stock, or prices generally realized at auctions.

ANY COIN WHICH IS NOT AS REPRESENTED MAY BE RETURNED WITHIN FIVE DAYS FROM DATE OF RECEIPT FOR FULL REFUND. YOU TO BE THE SOLE JUDGE AS TO CONDITION. YOU MUST BE SATISFIED. No, you won't receive a nasty letter for returning a coin—instead you will receive a letter thanking you for calling attention to the error made in cataloging. While we try to describe coins as accurately as possible, it is inevitable that an occasional error is made in the cataloging of thousands of coins for each sale. Whenever this happens, we want it called to our attention to help prevent future errors.

Any coins may be inspected prior to the sale, collector to pay postage and insurance both ways.

If you are not interested in these sales, won't you advise us so we may discontinue sending you catalogs.

**YOU WILL WANT A PRICE LIST OF THIS SALE
TO KNOW WHAT COINS ARE BRINGING**

PRICE LIST OF SALE \$1.00

IS THIS YOUR FIRST AUCTION CATALOG?

**20TH EDITION (1967) GUIDE BOOK, (1965) PAPER MONEY 5th EDITION
"TRENDS" AND OTHER AUCTION RECORDS USED IN CATALOGING.**

Occasionally a collector writes us asking why our estimated values in some instances are higher than the catalog listing. This occurs when the demand is so great and the supply so small that new records are set whenever these come upon the market. If one will take a few moments to reflect, he will understand that it takes several months to compile the necessary information before the catalog can be published, therefore, it is inevitable that the catalog listing will be under the prevailing market price on the items in popular demand at the time of the publication. **The estimated prices are entered only after careful examination of various records and publications which reflect the actual and not theoretical values. (PLEASE NOTE THAT MANY OF THE ESTIMATES ARE CATALOG VALUE ONLY. MANY OF THE GOLD COINS, SILVER \$1, WASHINGTON QUARTERS, CURRENCY, ETC. ARE ESTIMATED AT CATALOG).** In the final analysis, you the collector, are the one who sets the price.

BIDS ARE RECORDED AS FOLLOWS: Each bid sheet is given a number as it comes in, and the bids are recorded. In the event of identical bids, the first bidder receives the lot. At the last day of the sale, the books are closed with the highest bidder on each lot being awarded the lot at an advance of not over 5% above the next highest bidder. For illustration—the two highest bids received on a lot may be \$17 and \$20. The highest bidder who bid \$20 would receive the lot at \$17.50. We act as your agent and use your bids as a limit—not as a final bid unless we are forced to do so to obtain the lot. We accept unlimited bids which generally assures the bidder of obtaining that lot regardless of what the highest bid may be. Where the lot is bringing far more than we believe it is worth, or in the event of two unlimited bidders on the same lot, we notify the unlimited bidders by phone or wire, if necessary, in order to obtain a fixed limit to the bid. Even tho auction purchases are supposed to be final, we do not want you to keep any lots which you believe are improperly described. We endeavor to treat our customers as we would wish to be treated. We try to keep it on a friendly basis and value the many friends we have made thru the years. If you have any complaints, we want to hear them, as well as any compliments.

**YOUR SUCCESSFUL BIDS WILL INSURE YOUR RECEIVING
SUCCESSIVE CATALOGS WITHOUT INTERRUPTION**

BARGAINS

In every sale, some lots go at "bargain prices." May we suggest that in addition to bidding on those lots you "really want," you place nominal bids on those lots that "you might buy if they went at bargain prices." While you may not obtain many of these "bargain lots", yet in every sale you may pick up some real bargains.

Sincerely,

A. M. KAGIN and PAUL KAGIN

YOU MUST BE SATISFIED

Our Sales Are Cataloged With You in Mind. If you have any suggestions, complaints, (yes we receive some now and then), we want to hear them. Having cataloged over two hundred sixty successful coin sales, we believe we are qualified to advise and help you with your numismatic problems. No, we don't "know-it-all" but we do know where to obtain the information we don't have.

We have a number of want lists on hand for the scarce and rare United States coins and currency. Our average commission for obtaining these specimens is only 10 per cent, therefore we believe we can pay the top price for your choice and scarce pieces, no matter how rare. Don't you think it is worth a 8c airmail stamp to find out what we would pay for your outstanding pieces? Naturally we buy collections, too.

SOMETHING NEW HAS BEEN ADDED

We wish to call your attention to the new service extended as per the bottom of the bid sheet. After receiving requests to apply the amount saved in the awarding of successful bids below the bids authorized we decided to avail this service to all of our clients. It is often exasperating to lose a lot by a few nickels when the amount saved on the successful bids would have been sufficient to increase the original bid to the point necessary to receive the lot. Check the bottom of your bid sheet.

Postal regulations require Zip Codes. To continue receiving these catalogs be sure you send us this Zip Code.

SMALL SIZE FEDERALS

We note a marked increased interest in this series, particularly the past year. Since we have been unable to fill a number of want lists, even after years of searching, we must assume that many nominally priced notes are actually rare. In fact, WE DO NOT KNOW OF A SINGLE COMPLETE COLLECTION OF THESE NOTES! We believe they will show a sharp increase in values in the not too distant future.

103. . \$500 1928, D-5-1M-1 St. Louis, new. crisp. SO RARE THAT EVEN DONLON DIDN'T HAVE A SPECIMEN WHEN HE WROTE HIS BOOK ON SMALL SIZE U.S. PAPER MONEY! Mr. Donlon's remarkable book states that the 1928 series (Woods-Mellon) has a large numeral in seal (as does the \$5 thru \$100 denominations) however this note has the letter in seal! WE DO NOT RECALL EVER CATALOGING A \$500 1928 ST. LOUIS NOTE IN ANY OF OUR PREVIOUS 271 SALES EXTENDING BACK INTO THE 1930's! We did have a note on New York not so long ago and it realized \$1,100.00; surely this GREAT RARITY worth at least	2,500.00

212. . \$50 1934-B, D-550-5G Chicago, new, crisp except faint crease. **ONLY 12,000 ISSUED MAKING IT THE SMALLEST ISSUED \$50 NOTE 1928-1963!** The owner, a knowledgable paper money specialist, values this great rarity at \$1,000.00. It could very well be worth this figure as we have no framework of comparative values for reference. We don't know how many others exist. If the pattern follows that of the \$50 St. Louis 1918 F-831 note, then the owner could very well be correct in his analysis of value. Any value placed upon this rarity by the catalog can only be tentative, since we have no record of any changing hands.

TERRITORIAL NATIONAL BANK NOTES

Probably the "MOST WANTED" of the Nationals. What few come upon the market are setting new records. We believe present values are still relatively low compared to coins of equal rarity and demand. The present "Paper Money of the U.S." by Friedberg was issued three years ago. The next edition in the relatively near future, should reflect the sharp rise in demand and values.

356. . **ARIZONA** \$20 F-498, 1890 brown back, Consolidated National Bank of Tucson. **Ter. Of Arizona, overprint "P" (Pacific), near new, crisp. A remarkable specimen of this RARITY!** Valued by owner at2,500.00

357. . **COLORADO**, \$1 F-382, 1871 first charter, NO CHARTER OVERPRINT, First National Bank of Pueblo, **COLORADO TERRITORY, new, crisp. A MOST REMARKABLE SPECIMEN OF THIS RARITY!** The last Colorado Territory note we cataloged was a \$5 on Denver in very good and it realized \$860; on a proportionate set of values, this choice specimen should exceed 2,000.00

358. . **DAKOTA**, \$1 F-382, 1872 first charter, CHARTER NUMBER OVERPRINTED TWICE, First National Bank of Yankton, **Territory Of Dakota, signed by Cashr. and Vice-Prest. (not the Prest.) near new, crisp.** By coincidence, we, cataloged another specimen some months ago in new condition. That specimen went rather low at \$1650 on a valuation of \$2,500.00. We fee lthis particular specimen presently worth about2,250.00

359. . **HAWAII**, \$10 F-490, 1900 brown back, First National Of Hawaii At Honolulu, Ter. Of Hawaii, overprint "P", charter number 5550, fine. The last specimen we cataloged on this bank was the \$5 preserved in a plastic transparent coating. that note was valued \$500 and realized \$600.00. Prior to that, we cataloged a very good \$5 valued at \$500; surely this \$10 in fine now worth closer to 750.00

360. . **INDIAN**, \$10 F-485, 1892 brown back, **Chicasaw** National Bank of Purcell, **Indian Ter.**, overprint "W" (West), fine. By coincidence, the last Indian Territory note we cataloged was a brown back of the First National Bank Of **Chickasha** (note spelling compared to that on this note). That specimen realized \$860; surely this one now worth over 1000.00

| <p>361. . MONTANA, \$10 F-422, first charter series 1875, dated Nov. 8, 1889 — the day Montana became a state! There is no indication on the note as to it being a territory, therefore we must call it Montana state. We do not know which is rarer, Montana Territory or Montana State; but we do know this note is indeed VERY RARE. It is The Merchants National Bank of Helena, Montana, fine. The last acquisition in this offering (about three years ago) from a leading paper money specialist as "EXCESSIVELY RARE" at \$1,500; we believe this great rarity now worth closer to 2,500.00</p> |

SIGNED BY BRIGHAM YOUNG AS PRESIDENT! Rare reverse seal with beehive and Sept. 9th above. MDCCCL below. A FANTASTIC NOTE! We cannot overestimate its historical and numismatic importance! Acquired some years ago at \$7,500.00. We believe this "numismatic treasure" now easily worth over \$12,500 if not actually closer to 15,000.00</p> |

Ex Bache (1865), Gschwind (1908, Woodin, Newcomer, Brand collections. BY FAR, THE FINEST OF ONLY 4 COPPER SPECIMENS WITH ORNAMENTED EDGE! Finer than either of the 2 known to Crosby!—Breen". THIS BREATHTAKING SPECIMEN MUST BE SEEN TO BE BELIEVED! If the adage, "The CHANCE OF A LIFETIME" is ever appropo, it would appear to apply to this coin! By a strange coincidence, we were privileged to catalog a very fine specimen not too long ago which realized \$7,750.00. Another specimen, superior to the very fine one but not comparable to this "class by itself" specimen offered herewith was advertised on page 31 of the March 2, 1966 Coin World at \$15,000.00. A "plugged at top" specimen was advertised by another dealer on page 757 of March, 1965 Numismatic Scrapbook magazine at \$4,800.00. With records of 3 other specimens, from 3 different dealers, this " BY FAR THE FINEST " should proportionately be worth at least	25,000.00

CONFEDERATE GOLD COINS — D-C-O-MINTS

1946. . \$1 1861-D Struck after the seizure of the Dahlonega (Georgia) mint by the Confederate Government. UNCIRCULATED. Extremely rare and desirable early die state with even the "U" in UNITED visible (although lightly struck). Careful examination with a glass reveals the faintest trace of rubbing. Superior to those offered in the outstanding "name" sales during the last decade or so. They were circulated and the typical later strikes with some of the legend and hair not visible. Very close indeed to the specimen in our July, 1966 sale (\$10,000.00) which realized	7,875.00
1947. . \$5 1861-C While struck before the actual seizure of the Charlotte (N.C.) mint by the Confederacy, many of the Confederate collections have included it. Rather close to the "Uncirculated" condition for which it was acquired; close inspection reveals slight friction. THE RAREST \$5 FROM THIS MINT. Easily worth	750.00
1948. . \$20 1861-O Some struck before and some struck after seizure of the mint by the Confederacy, Generally accepted as a "Confederate Coin". “MARCO POLO” CHINESE PAPER MONEY

1953. . \$10,000 Cash note. From a 1956 sale described “When Marco Polo returned from China in the 14th Century, he reported that one of the curious customs of the people there was the use of paper notes as money. He described the bank notes as being made from the bark of the Mulberry tree and stamped in a printing press. This note was issued by the Ming Emporer Tsai Tsu during the period of Hong Wu, 1368 to 1399 A.D. Its value is represented by an illustration of ten strings of cash in the center of the note. The accompanying Chinese inscriptions, when translated, read: “Great Ming General Circulation Treasury Note, to be Current Under the Heavens”. At the bottom of the note is curt warning, “Counterfeiters will be decapitated”. This note was found in a Chinese temple. It is 8½x13 inches. BRICK TEA MONEY or “SAH”

“A SURVEY OF PRIMITIVE MONEY” by A. H. Quiggen states, “China is/was predominantly an agricultural country. It is a vast land cut up by nature and man into isolated communities which for centuries had little contact with the outer world. The configuration of the country discouraged trade, with few natural harbors. There were no profitable trading neighbors within easy reach to foster commercial enterprise. The land did not produce abundant crops to further trade. Some crops such as silk, Mulberry and tea were exceptions, both providing “currencies”. Tea, like salt, was an imperial monopoly. Tea bricks are more than just currency — they were accepted like a silver coin, as legal tender.” Another authority states, “This preference for a full-bodied, rather than a token currency, is fostered by the experiences of the peoples of the hills in dealing with the wily Chinese traders, to whom all intricacies of adulteration of silver and manipulation of scales are familiar. It was also used in Russia and Siberia.”
